

MG+M Opens Office in Jackson, Mississippi

September 3, 2024

MG+M The Law Firm is delighted to announce the opening of an office in Jackson. Our expansion into Jackson enhances MG+M's coast-to-coast litigation capabilities and allows us to better serve our national and Mississippi-based clients' critical litigation needs, especially related to asbestos and other toxic tort claims.

We look forward to hosting our clients and friends in this new space.

Two partners who joined the firm last month, [Jack McCants](#) and [Preston Lee](#), are resident in our Jackson office, with Jack leading the office as its partner in charge. They are joined by an associate and two administrative professionals. Jack and Preston each have decades of experience defending clients in premises liability, personal injury and products liability claims, as well as transportation, environmental and construction litigation.

"The Jackson office builds on our strong presence in Mississippi and the Southeast, joining our other offices in Hattiesburg, Miami, New Orleans and Dallas," says MG+M Chairperson and Partner [John B. Manning](#). "This expansion furthers our national footprint and bolsters our ability to respond rapidly to complex litigation demands wherever they arise."

"I am honored to join MG+M and lead the Jackson office as its partner in charge," says Jack. "MG+M has an outstanding reputation in the legal industry and a strong culture of excellence and client service, both of which are reflected in the establishment of this new office. I look forward to working with my colleagues across the country to continue to enhance the level of service we provide to our clients in Mississippi and beyond."

MG+M's growing national network of resources and local counsel now includes offices in 16 cities across the United States. We have handled litigation in all 50 states—including extensive matters and trials in Mississippi—and an impressive group of our first-chair trial lawyers are licensed to practice in Mississippi and its district courts.
